General about CDI

The Community development institute (CDI) is a sustainable civil organization which works on building of democratic integrated and multiethnic society through strengthening the capacities of individuals, organizations and institutions. The experience of CDI is based on more than 20 years work in the community through addressing the needs of the citizens and help and support in overcoming the challenges.

The association, as an informal group, started working by the end of 1994, and with first official registration, by the Ministry of internal affairs, in 1996.

Vision of CDI: Harmonic multiethnic society of rich and educated people- a society without prejudices.

Mission of CDI: The association CDI is a sustainable civil organization which works on building a democratic multiethnic society through strengthening the capacities of individuals, organizations and institutions.

Programmes operated by CDI

- Development of the democracy and the civil society
 - Trust measures- support of municipal commissions about community relations
 - Improving the standard and quality of life of the citizens-economic development
 - Adult education and life-long learning
 - Development of rural regions
 - Environment protection
 - Institutional and programme strengthening of the organization

CDI's target groups

Through its programme activities CDI embraces different target groups and users:

- Citizens assemblies;
- Public and state organizations and institutions;
- Municipality councils;
- Municipal commissions about community relations
- Media;
- Bidders of informal education;
- Marginalized people;
- Private companies;
- Unemployed people;
- Youth;
- Others.

Geographic region of operation

The programmes of CDI-Tetovo are conveyed on the territory of Republic of Macedonia and in other countries as well. In R. Macedonia, CDI operates in more than 50 municipalities, in which approximately two-thirds of the total population of R. Macedonia live. The biggest part of the current activities are executed in the Polog region.

The association CDI conveys programme activities out of the borders of R. Macedonia, through its offices and partners in the countries of Southeast Europe, west European countries, Kavkaz countries, Vietnam and USA.

Methods of work

During its work through implementation of the programme activities CDI uses the following methods:

- Mentoring and consultations;
- trainings;
- conferences;
- printed material;
- production of audio and video material;
- fairs and exhibitions;
- preparations of documents-analyses of policies and practices;
- students visits and exchanges;
- other.
